

## Mapping the Colonies Using Mapmaker Toolkit

1. Open historical maps to 1763.
2. Click on the DRAW tab on the side of the map.
3. Click on the border fill tool and color each of the 13 colonies a different color.
4. Trick to filling in Rhode Island. Click layers and uncheck colony names. Then you can see Rhode Island and fill it.
5. Create a legend by going to the menu options.
6. Click *Build Legends*.
7. Click *Update*.
8. Click *hide basic legend*.
9. Edit text to fill in the names of all 13 colonies matching. Make sure you match one to one color with colony.
10. Go to *File Menu* pagesetup to put the legend ON.
11. Now print and save.

the border fill tool....
